

## INCREASING YOUR PATIENT'S ACCESS TO REVI™

BlueWind Medical's patient access program, **Revi™ Access** (powered by JDL Access), will assist with increasing patient access to the Revi™ System through a well-documented prior authorization and patient-based appeal process.

### **Revi™ Access will provide the following:**

- Reimbursement support hotline services
- Secure platform for authorization and appeal requests
- Eligibility and benefit verification
- Prior authorization submissions and services
- Pre-service and post-service appeal submissions and services
- External Review (IRO) submissions and services
- Real-time case updates and streamlined communications

### **How will Revi™ Access, powered by JDL Access, assist?**

JDL Access will work with you and your patient to submit the required documentation needed for a prior authorization request. If the treatment is not approved initially, the JDL Access team will guide and assist you and your patient throughout the appeals process, and work on the patient's behalf as their authorized representative to submit appeals to their health insurance company until a final decision has been rendered.

## ENROLL IN A FEW EASY STEPS

### **STEP 1:**

Enroll your physician and site online at:

<https://patientaccesssupport.mytrial.me/reviaccess-hcpenrollment>

ENROLLMENT FORM  
QR CODE

### **STEP 2:**

Once the JDL Access team receives your online enrollment, you will receive a welcome email and an onboarding meeting will be scheduled to review the forms and process.
